CROSS STITCH PATTERN READY TO DOWNLOAD, DESIGNED BY Perrette Samouloff

Here's Garden-Fresh Delights, a cross stitch pattern brimming with wholesome food, fresh veggies direct from the garden patch, eggs that have just been laid by the hens running about, and yummy home-made food simmering on the wood stove while the young girls taste the food and chat along.

Perrette Samouloff excels at picturing children, animals, and plants in cross stitch design. Her choice of color and stitches is dead on. You'll enjoy stitching every little detail of this charming piece.

The design layout is in the shape of a banner. You can easily pick sections of the design to personalize in cross stitching any kitchen item such as baby-bibs, table mats, fridge magnets, aprons, recipe books, and any other item you'd like to cross stitch.
