**Red Lace and Holly Christmas**

CROSS STITCH PATTERN READY TO DOWNLOAD, DESIGNED BY Perrette Samouloff

A decorative red cross stitch pattern celebrating Christmas. The focus is on the lace needlework effects, with different decorative border motifs alternating geometric patterns and hearts. In a corner, the design features two children gathering holly in anticipation of Christmas.

The design is evocative Christmas, but remains above all decorative. You can display the stitched piece in your home well ahead of Christmas.. As the grid fits into a square, it lends itself to both to framing, or as a central motif in a cushion cover. It can also be used to embellish a box lid.

Depending on your project, you can extend the border motifs laterally, if you need more width. You can also use one of the border patterns to complete a project (say the side of a box), or reuse for other projects such as stitching a border on a tea towel, etc.
