CROSS STITCH PATTERN READY TO DOWNLOAD, DESIGNED BY Perrette Samouloff

A delightful theme to stitch for summer, these little sailors are practicing nautical knots, and seemingly getting a bit entangled in the process. Their white and blue outfits contrast with the vivid red and white of the life-buoys. Notice the sailor caps with red pom-poms typical of the French navy.

Reinforcing the nautical theme are two rows of borders, one with anchors and navigation signs, as well as grades of sea breeze and winds. These can be stitched either in the original French, or in their English translation (additional chart provided): Calm sea, gentle breeze, light breeze.

The cross stitch pattern by Perrette Samouloff is particularly decorative as well as versatile. The motifs can easily be split and rearranged to be adapted on many projects, including a beach bag or beach towels for instance.

Note: If you wish to stitch a birth sampler, check out the coordinated pattern with matching motifs for [boy](#) and [girl](#).
