Perfume Shelf

CROSS STITCH PATTERN READY TO DOWNLOAD, DESIGNED BY Shannon Christine Designs

Expertly designed by Shannon Christine Wasilieff, here is a collection of refined perfume bottles is displayed on a shelf, their precious contents shining through the glass. They come in all shapes imaginable, round, chiseled, tinted and there is even a vintage perfume spray with its characteristic pear-shape.

In the midst of the perfume bottle are jewels, pearls, necklaces, gemstone pendants all negligently laid, as if they had been hastily taken off after a night out.

This cross stitch piece is both elegant and decorative, ideal for displaying in a bathroom or next to a vanity dressing table in a bedroom.

The embroidery includes golden threads, golden seed beads, and fractional cross stitches, used for detailing the curves of the perfume bottles and the sharp angles of the glass.
