Hummingbirds - Flight of Fancy

CROSS STITCH PATTERN READY TO DOWNLOAD, DESIGNED BY Tapestry Barn

Here are 10 little hummingbirds cross stitch motifs in every color of the rainbow.

They come in all imaginable positions, dashing across the sky or flapping their wings and hovering above the flowers to gather their nectar.

You can stitch the ten hummingbirds together in a single piece, as if they were flying in a squadron - or you can work the designs individually to decorate a pouch, frame them in a hoop or mount on a greeting card.

As for the background fabric, blue would be a good choice, evocative of the sky, but other colors will also look great with this very colorful design.
